Smartline's Gavin Tandon wins NAB Newcomer of the Year Award (QLD) at the Mortgage and Finance Association Excellence Awards

Smartline Personal Mortgage Adviser, Gavin Tandon has been named NAB Newcomer of the Year for Queensland at the Mortgage and Finance Association of Australia (MFAA) Excellence Awards held recently in Brisbane.

The awards are presented to members of the association who display exceptional practice in mortgage and finance, recognising individuals and organisations that help the industry evolve through best practice and innovation.

They are the only mortgage industry awards managed by an external awards convenor, setting the industry benchmark. Having started his business in 2014, Mr Tandon works with borrowers across the Brisbane metropolitan areas.

He attributes his success to the support he has received from his peers at Smartline, his inspirational wife and the support of his clients.

"I'm very grateful to be recognized for all the hard work over last few years. Our philosophy at work is to provide exceptional service and assist our clients to the best of our ability. Our commitment to clients is ongoing and we will continue to work hard to offer them best products in the market. We are in a business of hopes and dreams and strive hard to help our clients achieve their dream of buying property", Mr Tandon said.

Mr Tandon has also been recently recognised by Mortgage Professional Australia Magazine Queensland's Young Gun.
